

SKETCH OF REV. GARVIN

Excellent Career of a Self-Made Man.

VICISSITUDES OF EARLY LIFE.

Has Made Many Friends During a Short Sojourn in Honolulu—Preaches the Gospel Without Fear or Favor—Succumbs Models of English Diction.

In Tuesday's paper of last week an illustration of the new Christian church, with a detailed account of its furnishings, was given. This morning is presented a portrait and brief life-sketch of its pastor, Rev. Thomas D. Garvin.

The subject of this sketch was born in the city of Pittsburgh, Pa., of sturdy Scotch-Irish parentage; his ancestors of one or two generations previous having been Scotchmen and Covenant-

REV. T. D. GARVIN PASTOR OF THE CHRISTIAN CHURCH IN HONOLULU.

ers (Presbyterians), were driven to escape religious persecution from the south to the north of Ireland and from there they found their way to America. At the age of nine years Mr. Garvin went with his parents to live on a farm, where his boyhood days were spent in the arduous avocations incident to agricultural pursuits in those days, when a majority of the machinery with which farm work is done now was unknown.

Before reaching the estate of manhood he received from his dying father the legacy of a growing family of brothers and sisters to be clothed, fed and educated. It was a gloomy outlook for one ambitious to obtain a mental training; his chances to get an education seemed slim, indeed, especially as it was not thought necessary to educate, generally speaking, beyond a degree comprehended in "the three R's"—reading, 'rithmetic' and 'rhetoric'—and the higher education of which so much is heard nowadays, was a dream of the remotest possibility to one who was dependent on his own efforts for schooling. It is a strange under these adverse circumstances that between the ages of twelve and nineteen he had had but six weeks' schooling. In his twentieth year he spent six months at college, and then again came a period of years when the care of the family left to his charge brought a cessation in his pursuit of knowledge.

At twenty-six he married, and still continuing his studies, was matriculated at Bethany College, West Va. In his twenty-ninth year, pursuing the course for two and a half years. From here he went to Miami University in Butler county, Ohio, and took the prescribed course of study of that institution, graduating and receiving the degrees of A. B. and A. M. and later the degree of A. M. from Bethany College also. Shortly afterward he was elected President of Franklin College in Athens county, Ohio, which position he ably filled for five years; then severing his connection with this institution he accepted a call to the pastorate of the Sixth street Christian church of Cincinnati, Ohio. Here he remained two years. Then moving to Columbus he organized the first congregation of the Disciples in that city and remained as pastor two years; thence to Ellyria, O., staying five years. Then coming to California he devoted his time largely to the building up of weak churches that were unable to employ pastors.

It was during a three years' pastorate in San Francisco that he built the Twelfth street Christian Church of that place; but the damp climate not agreeing with him, he went to the southern portion of the State, where he engaged in his chosen vocation of organizing and building up churches, the last of these churches being at Pasadena, where he gathered a flourishing congregation and built a handsome and substantial church edifice.

In the pulpit Mr. Garvin is of commanding presence, his sermons are models of English diction, dialectical, pithy and being usually delivered extempore, have all the power which usually accompanies addresses given without manuscript. His theology is vigorous, a heritage for which he is doubtless indebted to the Presbyterian auspices which attended his early years and gave him his launch in the theological arena. He believes the gospel to be the power for all the ills of humanity and "declares the whole council of God" without fear or favor, and with

an impressive earnestness which carries conviction.

During a residence of a little over one year in this city, Mr. Garvin has made many warm friends among all classes of society, and is to be congratulated upon the eminent success of his work in such a short period of time. Much success is bespoken for his labors in this city.

THE NICARAGUA CANAL.

A Bill to Be Introduced by Representative Barham.

NEW YORK, Nov. 18.—The Sun's Washington special says: Representative Barham of California said today: "In my opinion the Nicaragua canal question will be the most important matter brought to the attention of the next Congress. I have drafted a bill which I will introduce to provide for the construction of this canal, which I think will not be open to objection. My bill will provide for absolute government ownership of the canal. Under its provisions bonds will be issued as fast as necessary to carry on the work of building the canal. The total issue of bonds is not to exceed \$100,000,000. I believe in paying the Nicaragua Canal Company a fair price for their concessions from Nicaragua and Costa Rica, and paying them in cash or stock, as they select. I do not believe in giving them any exorbitant sum, however, for what they have already accomplished. If the United States does not build this canal it will be the laughing stock of the world."

A STORY FOR MOTHERS.

Which May Save the Lives of Their Daughters.

A Young Lady Saved When Near Death's Door—Her Illness Brought About by Aliments Peculiar to Her Sex—Only One Way in Which They Can Be Successfully Relieved.

(From the Ottawa Citizen.)

Perhaps there is no healthier people on the continent of America today than the residents of the picturesque village of Merrickville, situated on the Rideau river, and the reason is not so much in its salubrious climate as in the wise precautions taken by its inhabitants in warding off disease by a timely use of proper medicine. The greatest favorite is Dr. Williams' Pink Pills, and many are the testimonials in regard to their virtues. Your correspondent on Monday last called at the residence of Mr. and Mrs. H. Easton, and interviewed their daughter, Miss Hattie Easton, a handsome young lady of 20 years, who is known to have been very low and has been restored to health by the use of Pink Pills. "Yes," she said, "I suffered a great deal, but I am so thankful that I am once more restored to health. You have no idea what it is to be so near the portals and feel that everything in life's future is about to slip from your grasp and an early grave your doom. I was taken ill four years ago with troubles peculiar to my sex, and which has hurried many a young woman to her doom—an early grave. I have taken in all about twenty boxes of Pink Pills, and I am only too glad to let the world know what these wonderful little pellets have done for me, hoping that some other unfortunate young woman may be benefited as I was. When sixteen years of age I began to grow pale and weak, and many thought I was going to decline. I became subject to fainting spells, and at times would become unconscious. My strength gradually decreased and I became so emaciated that I was simply a living skeleton. My blood seemed to turn to water and my face was the color of a corpse. I had tried different kinds of medicines, but they did me no good. I was at last confined to my room for several months and hope of my recovery given up. At last a friend strongly urged me to use Dr. Williams' Pink Pills and after using a few boxes I began to grow slightly stronger. I continued their use until I had used about twelve boxes, when I found myself fully restored to health. I cannot find words of sufficient weight to express my appreciation of the wonderful curative qualities of Dr. Williams' Pink Pills and sincerely hope that all who are afflicted as I was will give them a trial and I am certain they will find renewed health."

The facts above related are important to parents as there are many young girls just budding into womanhood, whose condition is, to say the least, more critical than their parents imagine. Their complexion is waxen in appearance, troubled with heart palpitation, indigestion, shortness of breath on the slightest exercise, faintness and other distressing symptoms which invariably lead to a premature grave unless prompt steps are taken to bring about a natural condition of health. In this emergency no remedy yet discovered can supply the place of Dr. Williams' Pink Pills, which will renew the blood, strengthen the nerves and restore the glow of health to the cheeks. They are certain cure for all troubles peculiar to the female system, young or old. Dr. Williams' Pink Pills are sold by HOLLISTER DRUG CO., wholesale agents for Hawaiian Islands and all dealers in medicine.

BACK SAFE AND SOUND.

Board of Health Party Had to Embark for Molokai.

There was a great deal of genuine alarm throughout the city Sunday morning when it became known that the steamer Ke Au Hou, with the Board of Health party on board, had not arrived. Various were the conjectures as to the cause of the vessel's delay, many of them being of a highly sensational nature, and which now that the steamer has returned safe and sound, were most improbable and without the semblance of possibility. Government officials were, perhaps, more anxious than others, unless it was relatives of those included in the party. After some deliberation it was deemed advisable to send a steamer out to ascertain the cause of delay. At 9 o'clock the Mikahala, which had arrived but a few hours before, was dispatched for Molokai to render what aid was found to be necessary and bring the belated travelers back to Honolulu.

As the day wore on and no tidings of the first and last named steamers were received, much genuine anxiety was felt. At 7:25 o'clock last night the Diamond Head lookout reported the Ke Au Hou in sight, and five minutes later the Mikahala, both vessels arriving and docking shortly afterward, when everything and everybody was found well. The delay was caused by a heavy swell from the north, which prevented embarkation at the regular landing on Molokai, the party having to climb the pali and leave from Kuuakokai, on the leeward side of the island, from which place a start was made for Honolulu at 5 p. m. Sunday afternoon.

Forty-eight Men Drowned.

LONDON, Nov. 18.—A dispatch from Hongkong to a news agency says that while the launch of the British warship Edgar, containing twenty-one men, was returning to the ship with reefed sails in a heavy sea and strong wind, she capsized seven lengths from the ship and all but twenty-three of her occupants were drowned. This is undoubtedly another version of the report received from Yokohama a few days ago of the loss of the Edgar's launch with forty-eight men.

The wife of Mr. D. Robinson, a prominent lumberman of Harwick, N. Y., was sick with rheumatism for five months. In speaking of it, Mr. Robinson says: "Chamberlain's Pain Balm is the only thing that gave her any rest from pain. For the relief of pain it cannot be beat." Many very bad cases of rheumatism have been cured by it. For sale at 50 cents per bottle by all dealers. BENSON, SMITH & Co., agents for H. I.

MEETING OF HISTORIANS

But Little has been Accomplished During Past Year.

VALUABLE PAPERS PROMISED.

Letter Read from Mr. Castle Concerning Relics of Captain Cook—Good Report of the Treasurer—Officers of Old Board of Managers Re-elected.

The annual meeting of the Hawaiian Historical Society was held last Friday in room No. 3, at the Y. M. C. A. hall. President Dole presided in the absence of Hon. W. R. Castle.

Prof. Alexander, the corresponding secretary, read his annual report, showing that owing to the political and sanitary disturbances of the year little had been accomplished. He announced the titles of several papers promised for future meeting of the season. He read a letter from Mr. Castle, giving some account of the family of Frances Wardale, a cousin of Capt. Cook. She came to Philadelphia with her husband in 1773. A daughter married William Stevenson; his grandson, J. M. Stevenson is now living in Pittsfield, Mass. The many relics connected with Capt. Cook once in possession of the family disappeared at the time of removal from Philadelphia, with the exception of a set of eight volumes of Cook's voyages, published by Strahan and Cadell, 1778-1784; also, a large engraved portrait of Capt. Cook, from a painting by N. Vance; and a colored coat of arms with the motto "Nil In Tentum Relinquit."

The treasurer, Mr. G. P. Castle, read his report, from which it appears that the receipts from membership fees were \$221, from other sources \$68.01. Expenses were \$295.20. Now in bank to the credit of the society, \$301.30.

Miss Burbank, the librarian, in her report stated that the Hawaiian books have now been catalogued and the pamphlets arranged for cataloguing. Frequent calls are made for papers and annuals of recent years, and to be available these should be bound. A more complete collection of current publications should be secured. The officers of the old board of managers were elected to serve another year. Ten new members were elected and five new corresponding members. Two papers were read. One was contributed by Mr. M. M. Gower, of New Haven, giving reminiscences of his voyage to the islands in 1829, subsequent residence here and incidents of travel in those early days. The other was from Miss Teina Henry, giving a graphic account of Tahiti, its location, products, people, worship and amusements, which it was voted to publish.

It was also voted to bind the newspapers in the society's collection. It was also voted to purchase the volumes most needed to add to the society's catalogue. It is hoped to print this year a full catalogue of the society's library.

Many very bad cases of rheumatism have been cured by it. For sale at 50 cents per bottle by all dealers. BENSON, SMITH & Co., agents for H. I.

\$20 worth of goods are bought you can have two, three and four tries at the pumpkin. The question will be settled on New Year's day, and all those desiring to get an excellent instrument for home decoration and improvement will do well to make a start this morning and lay in a supply of good goods, fresh goods and stylish goods, of which Kerr has a large and varied stock. It would take too long to tell about everything that he carries, but when the statement is made that anything can be secured in his store, from a pin to a complete furnishing of a house, as well as all kinds of silks, satins, dress goods, dry goods, hats, millinery, in fact anything that can be called for in dress and dry goods line that covers it.

VISIT TO LEPER SETTLEMENT.

Board of Health and Party on Semi-Annual Trip.

The Board of Health made their semi-annual trip to the leper settlement Friday p. m. in the Ke Au Hou, President Dolehouse being in charge. The party left the Inter-Island dock at 9 o'clock, and was made up of some thirty-five persons, President J. T. Waterhouse, Acting Attorney-General Cooper, W. L. Wilcox, Doctors Day, Emerson, Capron, Russell, Cooper, Pratt, Ryder, Hebbitt (of the Bennington); Kelipio, Agent Reynolds, J. D. McVeigh, Professor Richards, Miss Kate Field, H. Waterhouse, Secretary Wilcox, Bishop of Nanapoli, four lay brothers who go to labor at the settlement, Father Panthille (who succeeds Father Conrad), Miss Bessie Reynolds, Rev. Waiama, A. W. Carter, Mr. Musick, representatives of the Star, Bulletin and ADVERTISER.

The capacity of the steamer will be taxed to care for the large party aboard, but sufficient quantity of bedding for all hands was taken along. Dr. Wood and T. F. Lansing did not accompany the expedition, both gentlemen having made the trip before.

J. M. Vivas and J. M. Teixeira were sentenced by Judge Magoon Saturday to pay fines of \$50 and \$25 respectively. The men were found guilty of criminal libel by a jury last Friday. Notice of appeal was given, the defendants being released on bail and given thirty days in which to file a bill of exceptions.

When most needed it is not unusual for your family physician to be away from home. Such was the experience of Mr. J. Y. Schenck, editor of the Cado, Ind. Ter., Banner, when his little girl, two years of age was threatened with a severe attack of croup. He says: "My wife insisted that I go for the doctor, but as our family physician was out of town I purchased a bottle of Chamberlain's Cough Remedy, which relieved her immediately. I will not be without it in the future." 50 cent bottles for sale by all dealers. BENSON, SMITH & Co., agents for H. I.

TODD'S BOOKSTORE

"IS SANTA CLAUS"

HEADQUARTERS,"

and is replete, as usual, with an excellent variety of HOLIDAY GOODS of new and attractive styles, direct from New York and Philadelphia to suit all ages and all purses. PURE BLOOD

Is the source of good health.

Ayer's Sarsaparilla

Makes Pure Blood, Strengthens the Nerves, Sharpens the Appetite, Removes that Tired Feeling, and Makes Life Worth Living.

AYER'S SARSAPARILLA

Cold Remedies at the World's Great Expositions.

Beware of cheap imitations. The name—Ayer's Sarsaparilla—is prominent on the wrapper, and is blown in the glass of each bottle.

HOLLISTER DRUG COMPANY, Agents for Hawaiian Islands.

DR. J. COLLIS BROWNE'S

CHLORODYNE.

Original and Only Genuine.

COUGHS,

COLDS,

ASTHMA,

BRONCHITIS.

Dr. J. Collis Browne's Chlorodyne. Vice-Chancellor SIR W. PAGE WOOD stated publicly in court that Dr. J. COLLIS BROWNE was undoubtedly the INVENTOR OF CHLORODYNE—that the whole story of the defendant Freeman was deliberately untrue, and he regretted to say it had been sworn to. See The Times, July 11, 1864.

Dr. J. Collis Browne's Chlorodyne is a liquid medicine which assuages PAIN OF EVERY KIND, affords a calm, refreshing sleep WITHOUT HEADACHE, and INVIGORATES the nervous system when exhausted. It is the Great Specific for Cholera, Dysentery, Diarrhoea.

The General Board of Health, London, report that it ACTS as a CHARM, one dose generally sufficient.

Dr. Gibbon, Army Medical Staff, Calcutta, states: "Two doses completely cured me of diarrhoea."

Dr. J. Collis Browne's Chlorodyne is the TRUE PALLIATIVE in Neuralgia, Gout, Cancer, Toothache, Rheumatism.

Dr. J. Collis Browne's Chlorodyne Rapidly cuts short all attacks of Epilepsy, Spasms, Colic, Palpitation, Hysteria.

Important Caution.—The Immense Sale of this Remedy has given rise to many Unscrupulous Imitations.

N. B.—Every Bottle of Genuine Chlorodyne bears on the Government Stamp the name of the inventor, Dr. J. Collis Browne. Sold in bottles of 1d., 2s. 6d. and 4s. 6d., by all chemists.

Sole Manufacturer,

J. T. DAVENPORT,

38 Great Russell street, London, W. C.

HOLLISTER DRUG COMPANY, Agents for Hawaiian Islands.
